

### Team MACartographers

#### **Abbas Gardezi**

I am a fourth year student of B.Sc Hons. Earth & Environmental Science at McMaster University, with a GIS minor. I am interested in using GIS applications for analyzing land use changes and urban planning; with specific interest in sustainability. I am interested in hiking, playing soccer, meeting friends and traveling.

#### **Rajveer Ubhi**

I am a third-year undergraduate student at McMaster University currently in Honours Earth and Environmental Sciences pursuing a minor in GIS. I enjoy developing my GIS skills and look forward to implementing them in multiple disciplines like petroleum geology and hydrogeology. In my spare time I enjoy playing soccer and watching basketball.

#### **Manpreet Singh Chahal**

I am currently completing my final year at McMaster University where I am studying Biology and Environmental Science with a minor in GIS. I enjoy integrating the use of GIS in ecological applications as well as data visualization using remote sensing techniques. During my free time, I enjoy playing sports such as basketball and soccer and watching hockey.

#### **Serad Abdi**

I am a 4th year undergraduate student in B.Sc Hons Environmental Science and Geography seeking to minor in GIS. I'm very interested in hydrology and renewable energy resources as well as exploring how various technologies like GIS can help improve our carbon footprints. Outside of my academic interests i enjoy reading, playing soccer, and watching nature documentaries.
